More than sound.

MODULAR SYNTHESIS / LIVE IMPROVISATION / VISUAL COLLABORATION

Modular Friends is a Tbilisi-based community and recurring event series bringing together modular synthesis, experimental live improvisation, and collaborations with visual artists.

ABOUT

A meeting point for musicians, visual artists and curious audiences. Each edition creates room for new connections between instruments, people and spaces.

PROGRAMME

01 Live sound
Modular synthesis, experimental electronics and improvisation.

02 Visual dialogue
Collaborative performances and audiovisual experiments.

03 Shared knowledge
Workshops, conversations and introductions to modular synthesis.

ARCHIVE
